

Motor Vehicle Insurance

We offer a range of insurance products and risk management solutions developed in response to the demands and expectations of the business sector, from minor risks to major exposures.

Our emphasis is on providing:

- professional insurance services
- comprehensive insurance programs tailored to your individual needs
- responsive and proactive claims service
- an extremely competitive price structure.

Our in-depth understanding of motor vehicle insurance comes from extensive experience in the worldwide market since 1990. Over the years we have earned a reputation for integrity, creative solutions and outstanding service. For you that means real benefits, personal attention and fast claim settlements.

Range of insurances

We can structure an insurance program for individuals, companies or large corporations operating one or many vehicles.

There are two sections of the cover:

- Loss or damage to your own vehicle
- Liability for damage to third-party property

Policy options can include:

- Comprehensive cover – covers you for damage to your car, as well as damage you may cause to another person's car or property.
- Cover for third-party property damage only – covers you against claims for damage that your car causes to another person's car or property.
- Cover for fire, theft and third-party property damage – provides all the benefits of third-party property damage insurance, plus fire and theft cover for your car, up to the sum insured.

The benefits of our service

As a broker, our services can provide you with a number of advantages compared to dealing with a direct insurer, including the following:

- We will provide a single and consistent service point (or multiple points if you are a larger organisation). It means you will deal with us directly every time you call, rather than a random person.
- Any policy issues with your insurance will be handed to us to resolve – rather than you having to handle it personally.
- Any claims issues with your insurance will be handed to us to resolve – rather than you having to handle it personally.
- We will seek alternative quotes each year on renewal – rather than you having to do it yourself.

Also, the covers typically offered by direct insurers are often narrower than those we can offer. The differences may not seem significant, but the covers may not be totally suited to your needs.

Let us work with you to develop an insurance program tailored to your specific requirements.

As well as motor vehicle insurance, we can provide cover for any or all of the following: equine and livestock, photographic equipment, musical instruments, bathing boxes, town planners, business package, credit, employment practices, liability, property, home and contents, travel, construction and builders warranty, directors and officers liability, industrial special risks, marine, personal accident, professional indemnity, energy, promotional, and worker's compensation.
